

RE: K-LOVE. PLEASE KEEP K-LOVE!

PLEASE give STRONG consideration to ANY proposals which might possibly affect the K-LOVE signal! K-LOVE serves me continually, & serves hundreds of people that I personally know, with positive & encouraging programming. K-Love is what enables me to positively produce & contribute to others locally, nationally & globally. K-LOVE changes my life for the better, daily!

FACT: Thoughts produce attitude; Attitude produces behavior (ideas, morale, emotions, determination, etc.); Behavior, when repeated, becomes character; & Character, when positive & strong, produces all that is beneficial in this world & the world to come! Controlling one's own thoughts is the secret to ALL! Positive programming, whether in the background or being consciously listened to, is one of the best ways in which one may achieve this!

We in OKC have suffered, monumentally, over the last few years, with numerous tragedies. We & our nation NEED the support that ONLY K-LOVE and programming like it can give. It is essential!

K-LOVE serves & produces EVERYWHERE it reaches, as other stations cannot! K-LOVE brings hope & life to the despairing; changes the lives of thousands & saves lives; prevents suicides, crimes, abuse, neglect, depression....I could go on & on!

I can hardly believe that ANYONE would not realize what a great benefit (to local listeners & to all of society) that any LISTENER SUPPORTED program must be! I, nor anyone I know, would ever take our hard earned money away from ourselves & our families & contribute it to ANYTHING, if we did not strongly believe that we, our families, all we hold dear, our local communities, our nation, et cetera, received GREAT & UNEXPLAINABLE benefits from it!

PLEASE do whatever it takes to keep K-LOVE going strong & even to promote it & programming like it! These are the things which give us unity & backbone to stand & to keep our nation strong & free!

Thank you for your serious consideration of actions to protect K-LOVE for the numerous & essential benefits it constantly provides!
